# The school that you want

By understanding what you are imagining your school to be helps us in giving you the furniture you want. Our team of designers are there to interpret your vision.

A school with ergonomic and flexible furniture that supports the various educational dynamics is the school we try to create for you. Sturdy, comfortable and collaborative furniture which is aligned with today's pedagogies is what we try to create for your school.

We are your partner in furniture to create the school you want.

# Collaborative Learning

A collaborative learning space is one that, through physical design and innovative pedagogy, maximizes student collaboration and engagement. We create diverse learning spaces for you.

48 x 24 x 28-31 inches

**CBR02 TRAPEZIUM TABLE**  
48 x 21 x 28-31 inches

**CBR04 ROUND TABLE**  
Diameter: 48 inches

# Flexible Classrooms

Unlike a traditional lecture-based classroom, where students work independently in rows of immobile desks and chairs, a flexible classroom promotes group work and student-directed learning.

**CBR11 CRESCENT TABLE**  
28 x 28 x 28-31 inches

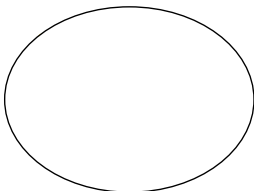

# Double Desk Series

Offers you the benefits of joining and separating desks to create diverse learning spaces.

# S.T.E.A.M

**Science. Technology.  
Engineering. Arts. Maths.**

Project-based learning requires desks or tables capable of being arranged into compact pods that fit six to eight students.

With the variety of activities taking place, often simultaneously, it makes sense to create spaces within the S.T.E.A.M rooms that accommodate quiet, individual work as well as group work and construction.
